

Postal Packaging

A complete guide when sending via post.

The figures in the table indicate the dimensions of our products that can be sent in different formats. Boxon's standard products for mailing are specially designed to be conveniently and easily sent by post as parcels or letters. Many products are available in postage-efficient formats.

Format	Weights	Lengths	Widths	Heights	Thicknesses		Test our products	
Envelops								
	5 - 22 g		110 - 350 mm	160 - 470 mm			MailLite Vit	art nr 1925
	5 - 39 g		140 - 190 mm	210 - 440 mm			MailLite Gold	art nr 3393
	13 - 45 g		180 - 345 mm	265 - 471 mm			Bubbel Mailers	art nr 91749

The maximum weight for sending a letter in an envelope is 2 kg.

Examples:

Letters, invoices, invitations, postcards

Format	Weights	Lengths	Widths	Heights	Thicknesses		Test our products	
Letter Packaging								
	120 g	250 - 300 mm	185 - 250 mm	20 - 25 mm			cross wrap	art nr 90826
	40 g	235 mm	122 mm	20 mm	2 - 3 mm		minipac	art nr 93056
	43 - 346 g	177 - 320 mm	108 - 220 mm	31 - 130 mm			self-locking box	art nr 1837

If the height is less than 30 mm, the letter can be sent as non-bulky mail, which reduces postage costs.

Examples: Small items, CDs, mobile phones.

Format	Weights	Lengths	Widths	Heights	Thicknesses	Test our products	
Omslag	114 - 209 g	317 mm	280 mm	43 - 65 mm	3 mm		binder wrap art nr 1873
	69 - 228 g	217 - 455 mm	155 - 320 mm	50 - 76 mm			multiwell art nr 58186
	483 g	730 mm	515 mm	22 mm	3 mm		poster wrap art nr 1881

Many envelopes have a smart design that keeps the product securely in place inside the packaging.

Examples:
Books, mobile phones, brochures, magazines, DVDs.

Format	Weights	Lengths	Widths	Heights	Thicknesses	Test our products	
Bags	14 - 175 g		180 - 490 mm	195 - 540 mm		cardboard bag art nr 58167	
	6 - 63 g		200 - 810 mm	250 - 525 mm		Ecommerce bag art nr 107245	
	3 g		100 mm	235 mm		sample bag art nr 1054	
	5 g		165 mm	240 mm		security bag art nr 15013	
	11 g		110 mm	200 mm		padded bag art nr 1068	

A simple and efficient way to send non-fragile items by post.

Examples:
Clothes, samples, non-fragile items.

Format	Weights	Lengths	Widths	Heights	Thicknesses	Volume Weights	Test our products	
Small boxes		160-345 mm	130-256 mm	70-130 mm	2-3 mm	0.4 - 3.2 kg	Basic	art nr 91632
	64-111 g	170-305 mm	140-222 mm	90 mm		0.6-1.7 kg	Multisnap	art nr 93057
	101 - 188 g	140 - 190 mm	110 - 150 mm	50 - 70 mm		0,27 - 0,6 kg	Quicksnap	art nr 93059
	59 - 280 g	180 - 345 mm	120 - 265 mm	80 - 200 mm	3 mm	0,56 - 3 kg	Function Box	art nr108220

Easy-to-pack and efficient packaging for smaller items, ready to ship directly. The design includes a quick bottom, internal compartments, and double-sided adhesive tape.

Examples: Electronics, shoes, non-bulky items.

Format	Weights	Lengths	Widths	Heights	Thicknesses	Volume Weights	Test our products	
Large boxes	257 - 567 g	438 - 548 mm	302 - 358 mm	108 - 120 mm	2-3 mm	4,5 - 7,9 kg	Lapsnap	art 93832

For larger items, reliable packaging is essential. These boxes are equipped with protective internal compartments, extra double-sided adhesive tape for returns, and quick-bottom functionality for efficient packaging. Keeps the product securely in place.

Examples: Shoes, computers, kitchen ware, heavier items.

Format	Weights	Lengths	Widths	Heights	Thicknesses	Volume Weights	Test our products	
Tubes	116 - 198 g	430 - 860 mm	105 mm	105 mm			Square tubes	art nr 105071
	150 - 260 g	540 - 1040 m		90 mm	1,3 - 2 mm		Round cardboard tubes	art nr 1780

Square tubes don't roll around during transport, which is an advantage if the product needs protection and is also appreciated by transport companies.

Examples: Posters, candle sticks, prints.
